ST1-C

Vertical up or down note-stacking options.

Sleek design.

Compact height.

Affordable solution.

GBA

ST1-C

GBA ST1-C

The popular Global Bill Acceptor, GBA, is a widely distributed and accepted bank note reader, which is renowned for its simplicity, reliability and capacity to accept a wide range of world currencies.

The GBA ST1-C is a versatile, multi-orientation bank note reader which is designed for those compact applications that require minimal height clearance in either an upwards or downwards note stacking orientation. It is a global product, which can be used in any application with notes up to 70mm in width.

With its technologically advanced "Sense Technology" note validation platform, secure note cassette and internalized connections between upper and lower housings, the ST1-C is a sleek, compact and affordable solution for its market place.

Key features:

- A wide range of interfaces including : Parallel, Pulse, Serial, MDB, ccTalk.
- Accepts up to 32 notes, in 4 directions (max note width 70mm)
- Illuminated, flashing note guide as standard
- Stylish fascia
- Internal connections between housing components
- Single Note Escrow
- FLASH download capabilities
- Sensor auto-calibration
- Push-button, on board diagnostics
- Secure, lockable (optional) removable note cassette
- Comprehensive GBA Talk software support package
- Simple access to the internal ST1-C note path for maintenance

The GBA ST1-C Compact Stacker has wide ranging applications in markets requiring compact, simple and reliable note stacking solutions.

Support

Backed by dedicated teams of research and development engineers, sales professionals and support staff, the GBA product is our commitment to a vision of product excellence and customer satisfaction.

The Company

Astrosys International Ltd specialises in the design, manufacture and distribution of the Microcoin coin validator and GBA bank note reader. It supports its products with ISO9001 certified manufacturing plants and an international network of offices and market representation in Australia, Hong Kong, the United Kingdom and the USA.
